The Last Martin (Paperback)

By Jonathan Friesen

ZONDERVAN, United States, 2012. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. Thirteen year-old Martin Boyle, the most fearful hypochondriac born into a family of worriers, doesn't want to visit the family cemetery. Truth is, none of the Boyles are thrilled about the annual trip to visit their war dead. It shames Mr. Boyle to think of his once courageous family line, and Mrs. Boyle is certain the greenish moss growing on the headstones carries disease. But after strict no-touch warnings from Mrs. Boyle (and an anti-bacterial scrub down), Martin ventures into the private cemetery for a grim remembrance. He's surrounded by stones that bear his name. Martin, the Boyle family name, has been given to the firstborn male in each Boyle household for centuries. While his father offers a speech honoring Martins who have gone before, Martin wanders among his ancestors. The writing on the old headstones is hardly legible, and he scratches at birth and death dates with a stick. His analytical mind gravitates toward the numbers, and his stomach sinks. The pattern is clear: Martin 1770-1819. Martin 1819-1835. Martin 1835-1899. Martin 1899-1956. Martin 1956-1996. There's always a Martin....

Reviews

Absolutely among the best book we have ever study. It is actually written in easy words instead of hard to understand. I found out this publication from my i and dad encouraged this book to find out.

-- **Kristina Rippin**

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.
