Brand New Book ***** Print on Demand *****.From the Editors: The contrasting alternatives before mankind became even starker this week, as the global financial and strategic crises intensified. On the one side, we have the first definitive government break with the London-Wall Street austerity system, with the results of the Greek election. This is our Cover Feature, and it represents the opportunity to be seized, immediately, if the economic catastrophe portended by the collapse of the euro is to be avoided. The euro system is at an end, and the choices that nations make now will decide our fate. Ironically, the electoral victory against austerity in Greece will also accelerate the panic in London that is behind the drive for a thermonuclear showdown with Russia. Day by day, more foreign policy experts are warning of the danger of the nuclear war being detonated by the Ukraine crisis-as we report in International; what is lacking is the understanding that the solution lies in a different domain, that of abandoning the monetarist system for a new world financial architecture. It is for that reason that we once again devote a substantial part of this issue to the programmatic solutions to the current crisis that have been developed by Lyndon LaRouche and his colleagues. Our focus this week is the new scientific paradigm required to solve the western United States water crisis, a crisis that is threatening the food supply and livelihood of not only the U.S., but the rest of the world as well (Feature). After an introduction pointing to the consequences of the current drought, we reprint the section titled, Solve the World Water Crisis, from EIR s Special Report The New Silk Road Becomes the...
