THE YOUNG MAN IN BUSINESS, EDWARD WILLIAM BOK (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2007. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A well-known New York millionaire gave it as his opinion not long ago that any young man possessing a good constitution and a fair degree of intelligence might acquire riches. The statement was criticised literally picked to pieces and finally adjudged as being extravagant. The figures then came out, gathered by a careful statistician, that of the young men in business in New York City, sixty per cent, were earning less than \$1,000 per year, only twenty per cent, had an income of \$2,000, and barely five per cent, commanded salaries in excess of the latter figure. The great majority of young men in New York City that is, between the ages of twenty-three and thirty were earning less than twenty dollars per week. On the basis, therefore, that a young man must be established in his life-profession by his thirtieth year, it can hardly be said that the average New York young man in business is successful. Of course, this is measured entirely from the standpoint of income. It is true that a young man may not, in every case, receive the salary his services merit, but, as a general rule, his income is a pretty accurate indication of his capacity.
