Createspace, United States, 2009. Paperback. Book Condition: New. 251 x 198 mm. Language: English . Brand New Book ***** Print on Demand *****.What is ADHD and what are the symptoms? What can parents do to help children overcome ADHD? Can this be accomplished without medication? A Complete ADHD book. What drugs are being used for ADHD and are they effective? What are the side effects and are they serious? What can educators do to help children with ADHD to be successful. What about childhood depression? Can anything be done to help children naturally? These and many more questions are answered in this concise and practical book. It assists parents and teachers to help children to succeed. It also has valuable information for professionals such as pediatricians and psychologists. There is much that parents can do to help children overcome ADHD symptoms, and medication rarely provides a permanent solution. Through practical measures and lifestyle changes, parents can help children be successful. This book provides many additional resources, websites, books and organizations, that can help parents to help their children. It provides ideas for teachers, special education teachers and principals. * Illustrated * Recommended Reading * Extensive Bibliography * Index Six years of field work and research went into the production of this book and it is thorough and accurate, including the most recent educational and scientific information. The methods and ideas described here have been field-tested and do work. Sometimes the results are astounding, with rapid progress in a short period of time. This book represents the life work of many public school educators and other professionals who work daily with children who have special needs, and was developed by public school educators. * Did you know that, many children with ADHD are highly visually-oriented? As a result, they may respond...
