Excerpt: . . . the life of leonard wood i Early Boyhood And School, Days A little more than twenty years ago--the exact date was December 12, 1899--Leonard Wood, a Major-General of volunteers, received the oddest, and at least in some respects the most interesting, order that any government has ever issued to an army officer. He was appointed Military Governor of an island which had for four hundred years been a colonial dependency of one of the most reactionary monarchies on the face of the globe, and ordered to train its million and a half inhabitants for democratic self-government, and do the job as quickly as he could and then come home. The appointment made him absolute ruler over the island and its inhabitants. He became, in fact, if not in name, a monarch. His job was to build and rebuild and repair all the civil institutions...
